

Stainless Steel Blade Hand Dryer

The Stainless Steel Double Blade Hand Dryer is not only a highly efficient energy saving method of drying hands in just 8 seconds, it also has an impressive low noise level of just 68dB.

Sturdy and stylish construction, with such economy features as stopping drying as soon as your hands are removed.

Excess water is collected in a removable tray for the ease of disposal, reducing wet floors and slip hazard.

The Stainless Steel Blade Hand Dryer is an ideal choice in any high traffic area washrooms, bars, clubs, nightclubs, restaurants, schools, colleges, universities, offices, hotels, hospitals, gyms, cinemas, shopping centres, airports, and service stations,

With simple operation, this high traffic area hand dryer combines fast hand drying, efficiency, and comfort in use.
